DOE, RFPO

APPLICATION DISPOSITION PROCESS – GAC-142-05

Dear Mr. Dan:

Kaiser-Hill Company, LLC (Kaiser-Hill) has completed the agreed "application disposition" process and obtained written approvals for each application from DOE Legacy Management (DOE, LM), DOE EM Consolidated Business Center, DOE/Kaiser-Hill Records Management, DOE, RFPO, and Kaiser-Hill. The only signatures that have not been received are those acknowledging approval by the DOE Office of Chief Counsel (DOE, OCC).

Kaiser-Hill proposes to continue the final disposition of Site applications to the specified entity or delete the application as appropriate, per the group discussions regarding application disposition as approved by all other signatories. Your direction to do so is requested. If, on the other hand, DOE directs Kaiser-Hill to retain these applications as/is, and in whole, until the DOE, OCC approval is received, additional costs will be incurred. The final disposition of the 192 applications at issue is summarized, below.

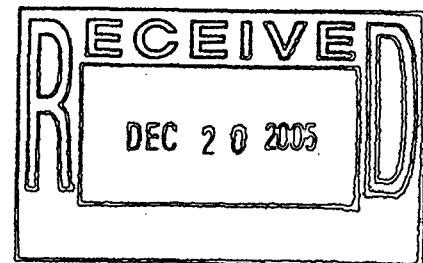

- o DOE Legacy Management – 5 applications transferring plus 38 partial transfers designated below;
- o DOE Environmental Management Consolidated Business Center – 40 applications transferring; of this list, 28 applications are transferring in part to DOE, LM;
- o DOE Miscellaneous Entities – 18 applications transferring; of this list, 10 applications are transferring in part to DOE, LM;
- o Kaiser-Hill corporate offices – 17 applications transferring; and,
- o 112 applications are to be deleted.

A monthly incremental cost will be incurred for the continued maintenance of these applications/data. The associated costs will be charged as part of the Kaiser-Hill contract closeout task.

Very truly yours,

*Gregg Crockett*
